NAME: Tiara Allgood
DATE: October 25, 2017
POSITION: 5th Term Apprentice
PROGRAM: Inside Wireman

"My very first project was the Daimler building on Swan Island. Everything in that building was new-age technology. It was awesome to see it all come together throughout my time there.

It's never a dull moment, and you never know what to expect! It keeps you on your toes and makes it fun. I also love that while I'm learning and enjoying what I do, I'm also making good money which is helping me live the best life!

If you are good with your hands, enjoy the idea of not being stuck in one place doing the same thing for the rest of your life, and want an awesome experience and chance to meet great people, apply for the apprenticeship!"
